

WANT RIFLE CLERKS TO LEARN TO SHOOT

Rifle Association Officials Planning to Urge Them to Send Clubs to Winthrop.

The National Rifle Association officials are preparing to submit to employees of local banks a proposal that they organize rifle clubs.

So far, the bank clerks are about the only class of Washingtonians who have not been reported at the local range.

There is room, also, it is pointed out, for several organizations among the local country clubs, and it is likely that steps will be taken in the near future to interest amateur marksmen among the memberships of these clubs, in the work of the national association.

Today quite a full representation from the clubs of the Department of Commerce, Civil Service Commission, Municipal Building, Smithsonian Institution, and the Department of Agriculture League went to the range.

New Steamer On Run.

The new steamer Gratitudine, which has been assigned to the Winthrop run, made her first round-trip today. Yesterday those visiting the range went down on the DeBarry and came home on the Gratitudine.

Many members of the Washington-Plattsburg Rifle Association are preparing to train again this year at the New York citizens camp.

The association, of which Basil Miles is president, has aroused considerable interest in the work of the Plattsburg camp, and according to Mr. Miles, there will be a large increase in the District enrollment this year. Application blanks may be had of Mr. Miles, at the Chamber of Commerce, U. S. A., Higgins building.

BOARD APPROVES TEACHERS' PENSIONS

A bill for teachers' retirement and pension fund is today in the hands of a committee of the Board of Education, and will be submitted to Congress. The bill was approved by the board at yesterday's meeting. Provisions are made for a deduction of a certain part of each active teacher's salary which shall go toward raising the pension money.

Dr. Elmer S. Newton, principal of Western High School, was permanently appointed to the position which he now holds. A year ago, Dr. Newton was temporarily appointed as principal. The work of organization has been successfully carried on by Dr. Newton during the present year. Dr. Newton succeeds Miss Edith C. Westcott, who was principal of Western for twenty-four years, and who resigned last summer.

The high school has been rebuilt since the disastrous fire of 1914, and has been completed and practically equipped under Dr. Newton's supervision.

Miss Lymore, president of the Parents' League, spoke before the board, telling of the work done by the league, and of the help which the members for their co-operation in the work.

Scholarship Offered.

Miss Zurhorst, president of the Domestic Arts and Science School, has offered the high schools a two-year scholarship in that school.

An application for permission for excursions to Marshall Hall was granted to both the McKinley and Business High School Alumni associations.

The Army and Navy Union sent an invitation to the High School Cadets to participate in its parade on May 30. This was refused by the board as the date was too near that of the competitive drill.

Communications were read from many of the citizens' associations and parents of school children complaining of the crowded conditions of the schools.

Letters from various churches and socialist societies were received containing protest against the open forum.

The Washington Alumni Association of the University of Michigan, numbering about 300 members, was granted permission to use the Wilson Normal School for a meeting.

It was voted that the uniforms of the cadets next year be made of better material.

The following changes were approved by board:

L. A. McNally, teacher class 54, Wilson Normal School, resigned.
